

### Your Contact Details

Name: ..... Email: .....  
Tel: ..... Fax: .....

### Project Details

- Name of Project: .....
- Location Address: .....
- Nature of Project:                      Retro-fit                                       New-Build

### Budget

- Please State your Budget: up to £5,000                       £5,000 – 10,000                       £10,000+

### Roof Details

- Area (sq. m): .....
- Approx pitch (degrees): .....
- Roof Material: .....
- Number of Storeys: .....

### Water Use Guidance

Age of Toilet:	Litres per flush:
Pre 1982	22.7 – 31.8 L
1982 – 1990	15.9 L
1990 – 1994	7.2 – 15.9 L
1994 – Present	7.2 L

Average Person = 3 toilet flushes per day  
min per week: 21.6 x 5 = 108 Litres (dependent on age of WC)

### Water Use

- Intended Use for Harvested Water
 

Toilet Flushing	<input type="checkbox"/>	Irrigation/Humidification	<input type="checkbox"/>
Process Water (e.g. Cooling)	<input type="checkbox"/>	Drinking Water (Potable)	<input type="checkbox"/>

10. Flush Volume of toilets (litres): .....
11. Number of Toilets and Urinals: .....
12. Number of Occupants/Users: .....
13. Volume of Water Required Daily (litres): .....
14. Your Water Supply Company: .....

### Site Restrictions/Building Requirements

15. Is there space for above ground storage tanks? Yes  No
16. Is there a high water table? Yes  No  Unknown
17. Can the building accommodate an internal header tank? Yes  No
18. Distance from Storage Tank to Furthest Outlet: .....
19. Days and Hours of Occupancy: .....

### Other site restrictions/building requirements / any other relevant information

### Other optional extras

20. Are you interested in any of the following extras?
